

## 50-SASS

12.7MM/ .50BMG

50-SASS, the Light Weight Bolt Gun Suppressor engineered for use on .50cal precision weapon systems.

Made of Haynes 282 the 50-SASS utilizes lessons learned and design methodology to maintain the durability Haynes, while drastically reducing weight; you'll swear this suppressor is titanium.

Based off the proven technology of our .50cal belt fed suppressors, 50-SASS takes advantage of complex internal geometries as well as an integrated muzzle brake to reduce felt recoil and tame .50cal bolt action systems while still maintaining operability of semi-automatic systems additionally.

### PRODUCT DETAILS

**SKU:** 50-SASS

**CALIBER:** 12.7MM (50BMG)

**MATERIAL:** HAYNES 282

**COATING:** ALPHATEK ALPHA SHEILD IR

**ATTACHEMENT METHOD:** TAPER LOCK MUZZLE BRAKE

**LENGTH:** 10.5" (266.7mm)

**DIAMETER:** 2.5" (63.5mm)

**WEIGHT:** 49.3oz (1397.5g)

#### MUZZLE BRAKE

**WEIGHT:** 14.4oz (410g)

**LENGTH:** 3.45" (87.6mm)
